

# Faramach Stage Plan

4 power outlets required - one for digital piano, one for keyboard, one for Elec Guitar Pedal (Elements XP) and one for the Fiddle Wireless Relay (Line6 G10 Relay - has XLR output).

Not all sets will have Mandolin and Electric Guitar - Caitlin may just be playing Acoustic.

Not all sets will have Cajon.

As we have the bass down to be input via DI we do not normally bring a bass combo. Please advise if house PA would not be suitable for bass guitar.

Please email [info@faramach.com](mailto:info@faramach.com) for further details.
